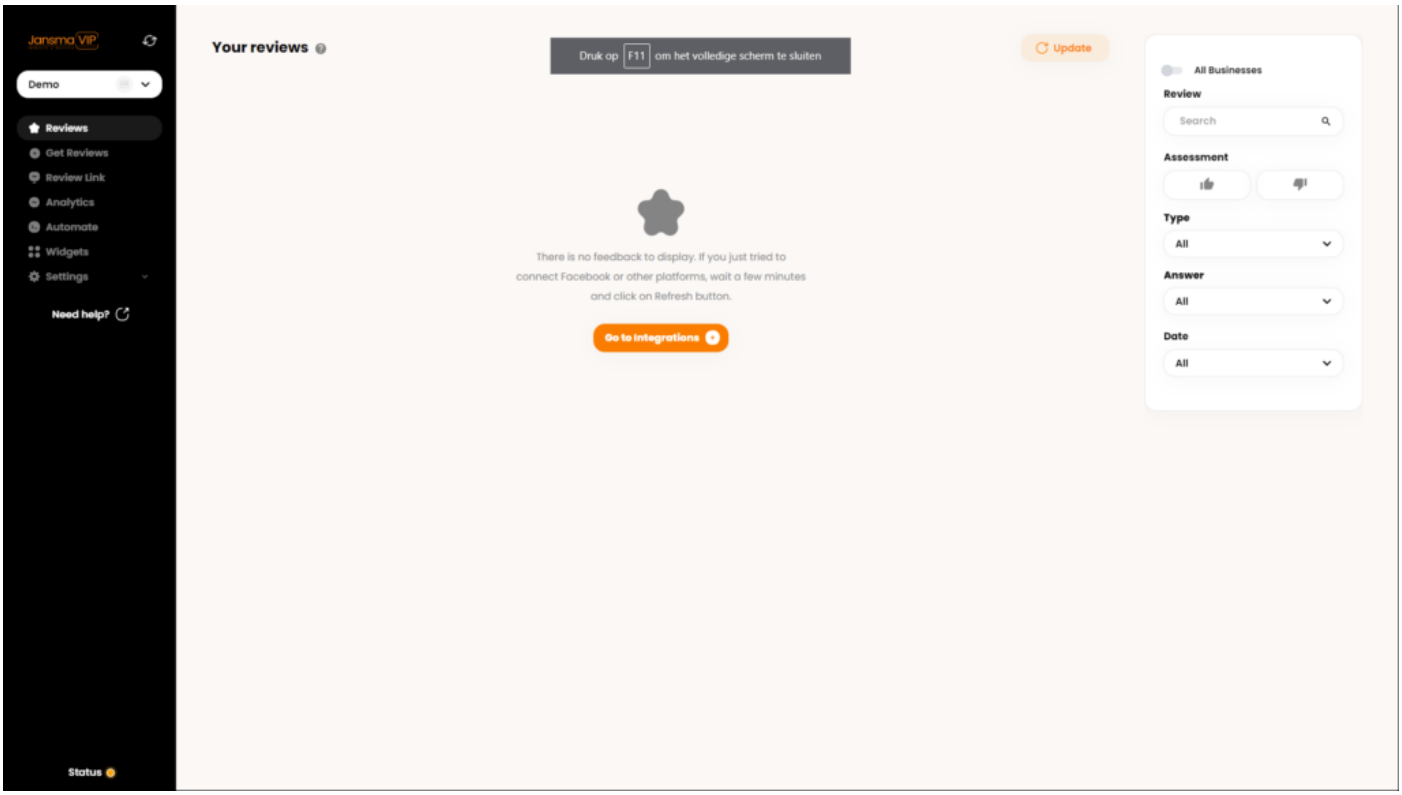
Set up an integration

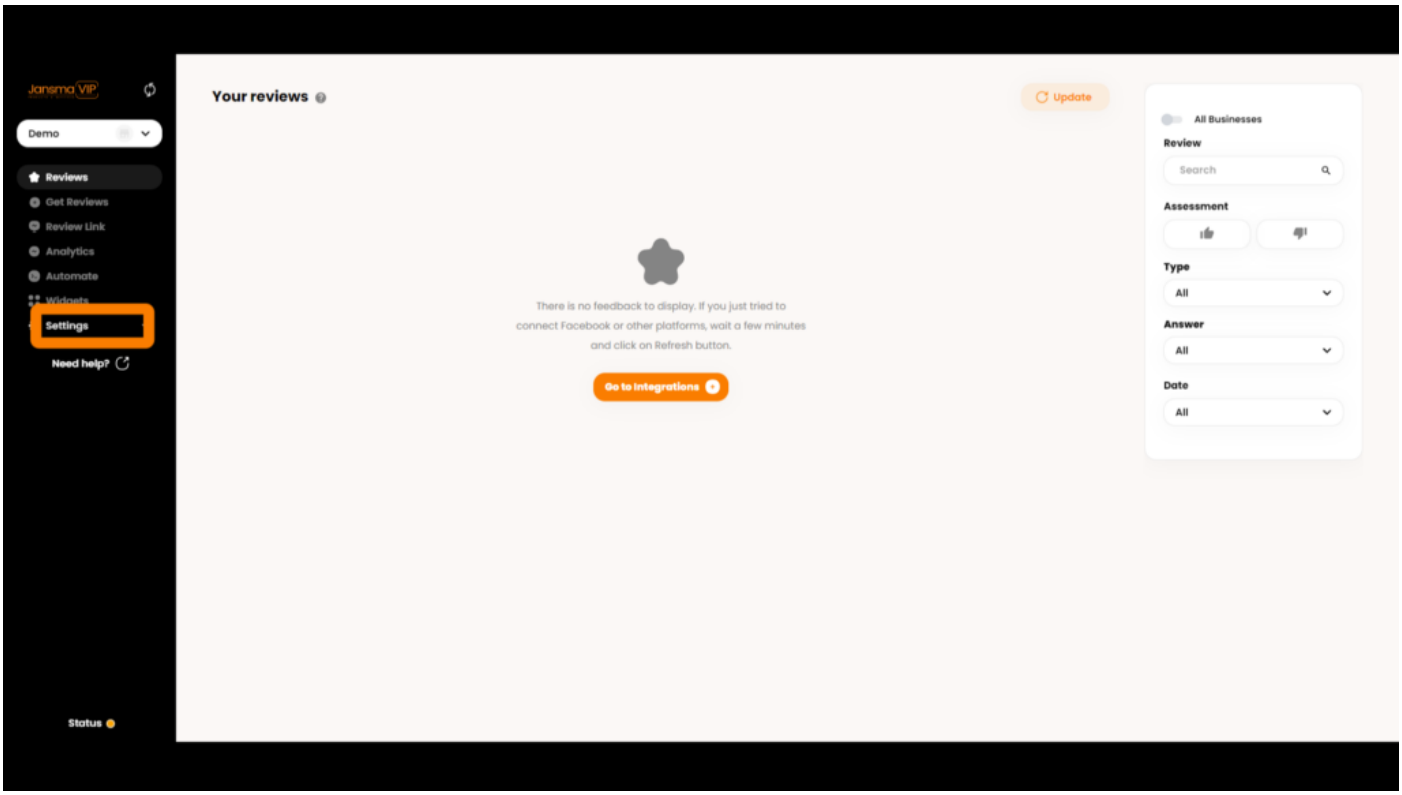
Getting Started · https://support.jansma.vip/docs/vip-reviews/getting-started/set-up-an-integration/

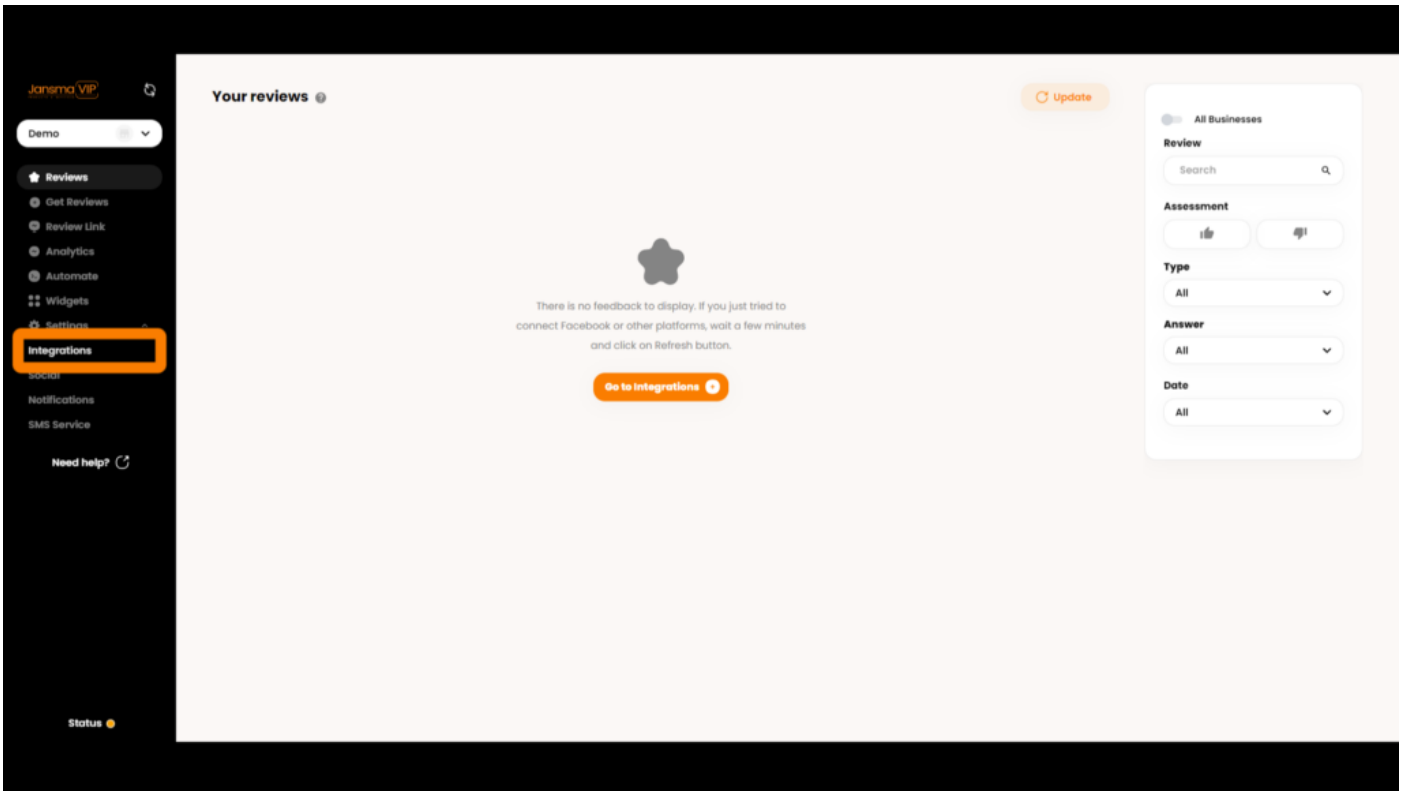
Use the steps below to connect an available integration to VIP Reviews.

1. Open Integrations

From the VIP Reviews dashboard, select **Go to Integrations**. You can also open **Settings** and then choose **Integrations** from the menu.



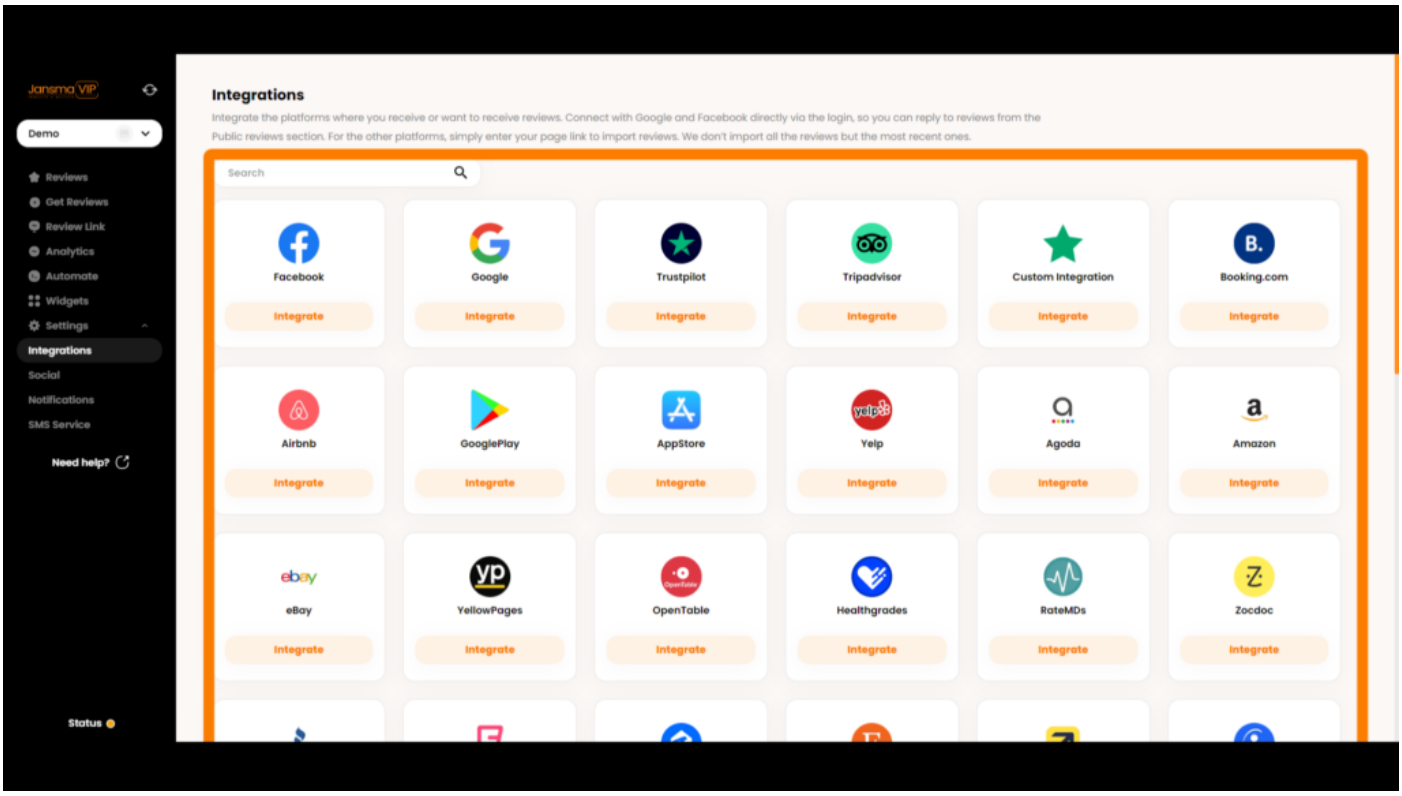




2. Choose an integration

Review the available options, choose the integration you want to connect and select **Integrate**.

Complete the on-screen steps for the selected service. The required details can differ between integrations.



Need help?

If an integration does not connect as expected, note the service name and any non-sensitive error message, then contact Jansma VIP Support.
